

November 2021

On behalf of the Illinois Dermatological Society (IDS) and its board of directors, I am writing to request your participation as an exhibitor at the upcoming Practice Management & Coding Workshop on Saturday, January 8, 2022.

The exhibit fee for this meeting is \$2,000 for a 6-foot tabletop display. Vendor spaces are situated prominently to assure the opportunity to interact with our members. All breaks, including continental breakfast, are served in the exhibit area which is separate from the educational lecture room. In compliance with CME rules, IDS notes that the program content has been developed without any influence of commercial interests.

Our Federal Tax ID is: 37-1042921. Checks should be made payable to the "Illinois Dermatological Society." Payment also may be made by credit card online by visiting the exhibitor prospectus page on the IDS website (see link below).

The conference will take place at the Stephens Convention Center in Rosemont, IL, just a short distance from O'Hare International Airport and easily accessible by major highways. The meeting is approved for Category 1 Continuing Medical Education credit. The subject matter for the workshop focuses on a number of practice management topics, including coding issues, Medicare regulations, and physician licensure requirements

Please visit the IDS website for complete program details:
<https://www.illinoisdermsociety.org/2022-practice-management-workshop>

The online exhibitor prospectus can be found here:
<https://www.illinoisdermsociety.org/exhibitor-prospectus-2022>

Thank you very much for your consideration. If you need any additional information, please feel free to contact me at your convenience.

Sincerely yours,

A

Richard H. Paul
Executive Director
